 Hooghly , Adi Saptagram

---

## PROFESSIONAL SUMMARY

*I have pursued Diploma in Computer Science and Technology, a three-year technical program focused on core areas of computing, software development and information systems. The program provided me with both theoretical foundations and practical experience in the field of computer science . Currently I am pursuing B.Tech in Computer Science and Engineering .*

## EDUCATION

### Bachelor of Technology | 2023 - 2026 | ON GOING

Academy of Technology , Hooghly

- Relevant Coursework: Practical knowledge of Database Management Systems (DBMS) and SQL, Hands-on experience with Operating Systems, Computer Networks, and Data Structures

### Diploma | 2020-2023

Kanyapur Polytechnic College , Asansol

- Relevant Coursework: Apply knowledge of data structures and algorithms to develop optimized solutions.
- Exposure to Web Development, including HTML, CSS, JavaScript.
- CGPA - 8.2

### Higher Secondary | 2021-2022

National Institute Of Open Schooling , Jamtara

- Relevant Coursework: Gained knowledge about Pure Science .
- Percentage - 65%.

### Secondary | Completed on the year 2020

Burnpur Riverside School

- Percentage - 88.9%

## PROJECTS

- **Emotion Classifier** ( Kanyapur Polytechnic College) ,

Emotion Classifier aims to explain the fundamental concepts and mechanisms behind genetic algorithms, including selection, crossover, and mutation. It will explore how genetic algorithms mimic the process of natural evolution to solve complex optimization problems.

## SKILLS

- **Technical Skills** - HTML & CSS, JavaScript , Programming Languages , Data Analysis , UI/UX Design Machine Learning (Beginner ) , Video Editing.
  - **Languages** - English ( Fluency - Professional) , Bengali ( Fluency - Advanced) , Hindi ( Fluency - Intermediate )
-
